Conclusions

- → Avoid duplications – IT IS POSSIBLE ! (Spain, France…)
- → Ensure easy reporting lines/tools – IT IS ALSO POSSIBLE !
- → Bring together the safety and security community, AND TRAIN THEM ON EACH OTHER DOMAIN
- → Explore further the need for AMC/GM and Industry Standards – INDUSTRY INPUT IS ESSENTIAL
- → Get going on protecting yourself – DON'T WAIT FOR THE RULES
- → Organisations need to share information and build trust
- → Industry and Authorities are encouraged to join available platforms (ECCSA…)
- → So, still a lot of work to do. EASA ready to play a key role
