### **Description**

Join us on 26 November 2024 at the Part 21 Workshop at the European Union Aviation Safety Agency (EASA) headquarters, and on 27 November 2024 at the Certification Conference at Cologne's Botanical Garden ("Flora").

EASA is organising this two-day event that will bring together industry staff, authorities' representatives, and EASA experts and managers to discuss updates in the EASA product certification activities.

The first day (Part 21 Workshop), which will feature a plenary session as well as side meetings, is dedicated to topics related to certification projects. Individual face-to-face talks with EASA experts will be possible during a dedicated hour.

The second day (Certification Conference), which is dedicated to developments in major policies, is thought as a productive event, offering unique possibilities for direct exchange with EASA staff.

Be part of this journey to influence the shaping of future certification policies!

- Capacity for external participants: 315.
- Capacity for remote participants (WebEx): Unlimited.

Remote attendance for the plenary sessions (one in the morning and one in the afternoon) will be possible.

The presentations will be made available after the event under “Event Materials” on this page.

---

## **Registration**

**Registration is planned to be opened on 19 August 2024.**

---

## **Part 21 Workshop**

Plenary session only

On-site participants will be split in two conference rooms (Airbus and Boeing) in a classroom configuration with tables. The panel stage will be located in the Airbus room and will be live-streamed in the Boeing room.

Side meetings only

On-site participants will have the possibility to participate in a single side meeting for one topic, in the frame of a small-group discussion.

Coffee with experts

On-site participants will have the possibility to have individual talks with EASA experts during a dedicated hour.

---

## **Certification Conference**

The all-day session will take place in a conference setting.

---

### **Fees (for both days):**

- anticipated order of magnitude for on-site participants: 400 €
- remote-attendance fee: 80 €

Please note that a single registration per participant will be required for the event.

Speakers only will be provided with free access to the event.
