

EASA Certification Information

No.: 2007-05
Issued: 20th August 2007

Subject: **Transfer of Type Certificate EASA.A.188 for BAC One Eleven -200, -300, -400, -475 and – 500 series from BRITISH AEROSPACE to AIRBUS, Blagnac, France**

Type Certificate No: 188
Issue date: 7th August 2007
Issued by: European Aviation Safety Agency
Holder of the Certificate: AIRBUS

Background: The request by the current Holder to transfer its Type Certificate (TC) No. 188 to AIRBUS has been accepted by EASA as of 9th March 2005.

In accordance with the international rules and the applicable EASA administrative procedure, upon acceptance of transfer, Airbus has endorsed all the responsibilities of the TC holder of all BAC One Eleven - 200, -300, -400, -475, -500 series as of 27th September 2005.

As a consequence, EASA has issued Type Certificate EASA.A.188.

All airworthiness authorities having Type Certificated BAC One Eleven products are invited to reissue their type certificates, or equivalent document, to reflect this TC transfer.

EASA considers that all Airworthiness Directives (ADs) issued by EASA related to these products are still applicable unless replaced or cancelled.
