Question:

What are the roles and responsibilities of personnel involved in aircraft line and base maintenance?

Answer:

EASA issued on March 2023 a paper to answer this question: "EASA Policy on the roles and responsibilities of personnel involved in aircraft line and base maintenance".

This paper supersedes the chapters 5, 6, 7 and 8 of the paper issued December 2015 that can be found in FAQ No. 46216.

Please refer also to the Roles and responsibilities of Maintenance personnel webinar that was organised to explain the content of this paper
