European Union Aviation Safety Agency

FAQ n.104886

FAQs:

Certification Processes, Supplemental Type Certificates

Question:

Will assigned PCM for the STC project stay in charge up to 5 years?

Answer:

The PCM are assigned to projects as the result of multiple considerations. The Rotation policy is one of those considerations: it means that a given PCM is supposed to hand over the projects related to a specific aircraft type after a period of time that is in average 5 years
