**27/05/2026**, 10:00 - 16:30 CET (UTC +2)

**28/05/2026**, 10:00 - 14:00 CET (UTC +2)

---

**Location**

**Feira Internacional de Lisboa**
Rua do Bojador, 1998-010 Lisbon, Portugal

---

**Description**

## *United for a more sustainable and efficient European sky*

Europe for Aviation is proud to announce our participation at **Airspace World 2026** **in Lisbon from 26-28 May 2026**, where we will showcase how collaboration is transforming Europe’s skies into a seamless, sustainable, and future-ready aviation ecosystem.

### Who Are We?

We are nine European aviation partners working towards one shared goal: a smarter, more

connected sky.

We represent nine European organisations that contribute to the implementation of the Single European Sky by aligning long term vision,  policy, innovation, deployment, operations and funding. Our partnership includes the European Commission (DG MOVE), European Climate, Infrastructure and Environment Executive Agency (CINEA), European Defence Agency (EDA), European Union Aviation Safety Agency (EASA), EUROCAE, EUROCONTROL, European Union Agency for the Space Programme (EUSPA), SESAR Deployment Manager and the SESAR Joint Undertaking.

Together, we turn collaboration into real operational impact—delivering tangible benefits for passengers, the economy and the environment—while shaping a more modern, sustainable and competitive European airspace.

**What to Expect at Airspace World?**

Join us at the **Europe for Aviation** **stand #H1-E10** and discover how Europe is turning collaboration into impact:

- **Interactive demonstrations**: Witness live demonstrations by Europe for Aviation partners, highlighting innovations that support sustainability and airspace modernisation
- **CANSO theatre sessions**: Attend engaging panel discussions by Europe for Aviation partners to learn about the latest developments shaping the future of European aviation
- **SESAR walking tours**: Take guided tours showcasing cutting-edge research in air traffic management and the implementation of SESAR solutions, driving smarter and more efficient European skies
- **Meet our experts**: Engage directly with specialists from across the Europe for Aviation partnership and gain insights into European policy, funding opportunities, technologies, and solutions.
- **Data challenge**: Visitors are also invited to take part in a EUROCONTROL data challenge on air traffic/aviation & win prizes.

**Join us in Lisbon!**

From live demonstrations and expert discussions to guided tours of SESAR innovation, the Europe for Aviation stand offers a unique window into how Europe is working together to shape the future of aviation. Make sure to also watch out for the EUROCONTROL Raising the Aviation Bar podcast episodes that will be recorded at the Europe for Aviation stand throughout Airspace World!

**Join us at Airspace World 2026 and discover how collaboration is delivering Europe's digital and sustainable sky.**

We look forward to seeing you there!
