Workshop on “Import of Aircraft” - Presentations

Description

The Maintenance Regulations Section of the Maintenance and Production Department is organising a workshop to present the latest changes proposed by an NPA to be published during summer 2016, as part of the rulemaking task RMT.0278. This NPA will propose amendments to Regulation (EU) 1321/2014 and Regulation (EU) No 748/2012 to address the objectives described in the Terms of Reference, namely:

- to mitigate potential safety risks linked to the fact that the aircraft did not comply with the EU rules prior to being registered/imported, and to facilitate a common understanding of the approach to be followed, in terms of recognition of other certificates and/or records issued by other stakeholders to the aircraft involved;
- to clarify current ambiguities in the rules related to issuance of CofA in order to achieve standardised implementation and equal treatment in all Member States.

The workshop is open to all interested parties from industry and NAAs. **UPDATE: The**

workshop is fully booked now.

UPDATE: The NPA 2016-08 about the Import of aircraft from other regulatory system, and Part-21 Subpart H review has been published on the EASA website and is open for consultation/comments until 7 December 2016. Please follow this link: NPA 2016-08

In order to help preparing the workshop you may submit your questions to our functional mailbox FS.1.2-workshops [at] easa.europa.eu (FS[dot]1[dot]2-workshops[at]easa[dot]europa[dot]eu)

For organisational reasons, attendance will be limited to **two participants per organisation**.
