

EASA Certification Information

No.: 2019-04
Issued: 16/01/2019

Subject: Intention to transfer all EASA civil Type Certificates held by Rolls Royce plc to Rolls Royce Deutschland

Type Certificate No: See Annexed list below

Product: Turbine Engines

Issued by: European Aviation Safety Agency

Current Holder of the Certificates: Rolls-Royce plc
62 BUCKINGHAM GATE
LONDON
SW1E 6AT
UNITED KINGDOM

Future New Holder of the Certificates: Rolls-Royce Deutschland Ltd & Co KG
Eschenweg 11
Dahlewitz
15827 Blankenfelde-Mahlow
Germany

Context:

Rolls-Royce plc has made an application, dated 8th June 2018, to EASA for the transfer of all the EASA civil Type Certificates (see annexed table below) held by Rolls-Royce plc to Rolls-Royce Deutschland Ltd & Co KG.

Rolls-Royce Deutschland Ltd & Co KG has made accordingly an application, dated as well 8th June 2018, to EASA to extend the scope of their EASA Design Organisation Approval (ref. EASA.21J.065), to be able to undertake the obligations under 21A.44 and for this purpose, to demonstrate its ability to qualify under the criteria of 21A.14 of the Annex (Part 21) to Regulation (EC) No 1702/2003, to hold the Type Certificates deemed to be transferred.

EASA has accepted the applications and has subsequently launched the process to accomplish the extension of the DOA scope and the transfer and re-issuance of the Type Certificates.

This DOA scope extension and TC transfer process will be articulated over the next two months.
