

LIST OF APPROVED PRODUCTION ORGANISATIONS - Part 21

The Production Organisation Approval (POA) data presented in the following list is for information purposes only. It is obtained from the Agency POA Database and from data provided to the Agency by the Member States. The Agency accepts no responsibility or liability whatsoever with regard to the content of the Database, the accuracy of the data provided by the Member States, their timely delivery, or for any actions resulting from the use of the information contained in this Database. Consequently, the Agency shall not be liable for any kind of damages or other claims or demands incurred as a result of incorrect, insufficient or invalid data, or arising out of or in connection with the use, copying, or display of the content, to the extent permitted by European and national laws.

It is the Agency's goal to minimize disruption caused by technical errors. However some data or information in this Database may have been created or structured in files or formats that are not error-free and consequently cannot guarantee that the service will not be interrupted or otherwise affected by such problems. The Agency accepts no responsibility with regard to such problems incurred as a result of using this Database.

All Intellectual Property Rights contained in the POA data, made available to the Agency in any form shall remain the property of their respective owners.
