Call for papers

Authorities' staff involved in DO tasks and Industry representatives are invited to participate to this Workshop.

The workshop will give participants an update on EASA Design Organisation (DO) Section internal working procedures.

It will also specifically focus on several subjects of significance to be shared equally between Authorities staff and EASA staff working in a DO environment and the Industry representatives.

Industry representatives are encouraged to bring their contribution and make presentations during the workshop on issues addressing several business cases challenges with significant impact on the DOA concept.

We especially welcome papers that address the following main topics (but not limited to):

- **Sharing experience on the Independent Checking Function of the Showing of Compliance;**
- **Sharing experience on the Independent System Monitoring;**
- **Examples of design cases where use of previously approved data is considered appropriate and practical;**
- **Best practices recommended for Design Assurance System Accountability for Designs and Tasks (e.g. testing) performed by other organisations;**

Deadline for Submissions:

30.09.2011
