Competent authorities for evaluations

Micaela Verissimo– Legal Department (EASA)

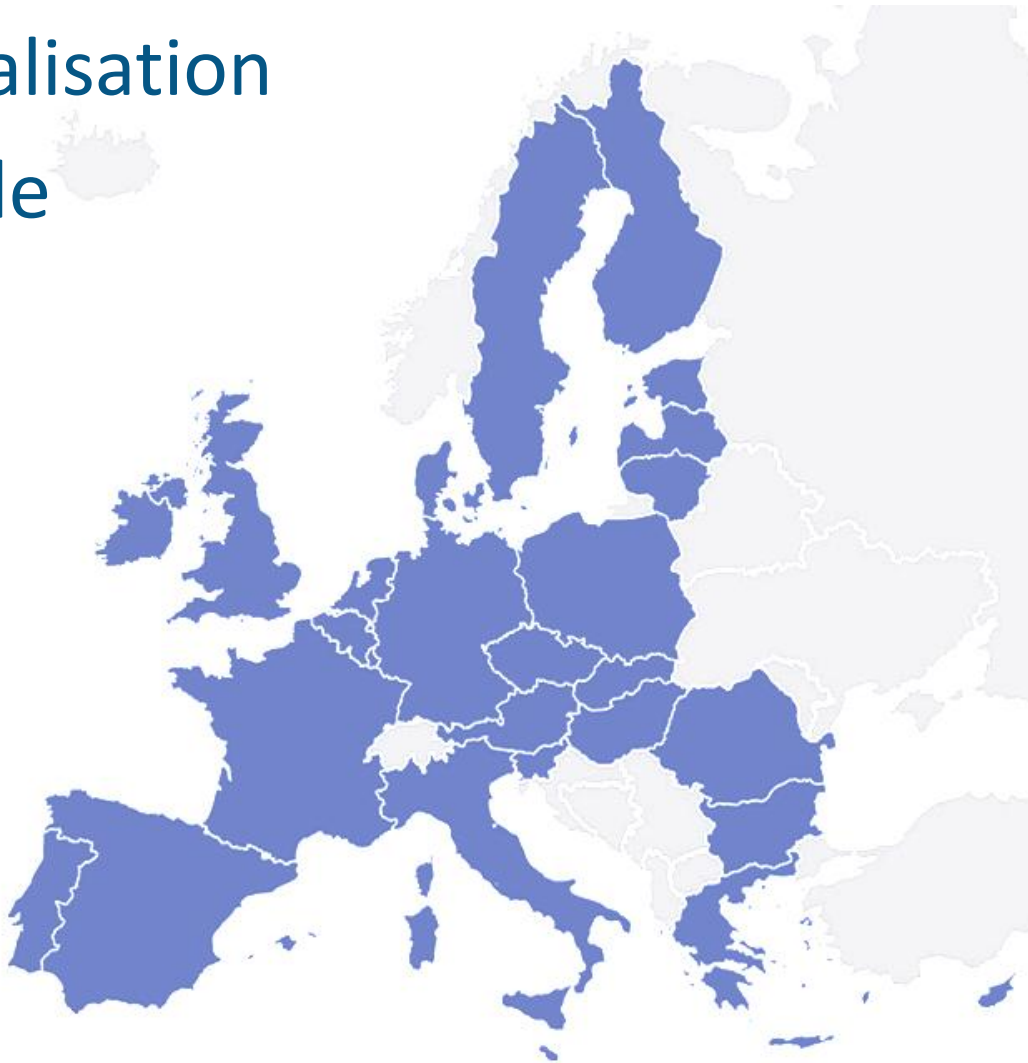

18th April 2013

Your safety is our mission.
easa.europa.eu

General principles

Decentralisation
is the rule

Centralisation
the exception

Member States

General
competence for all
activities in their
territory

EASA

Competence for
some executive
tasks

- Design related approvals and certificates
- Organisation approvals outside EU/pan-European scope

What does this mean for EFB?

Member States

Operational
evaluation

EASA

ETSOA

What does this mean for EFB?

- EASA can assist NAAs, operators and manufacturers and participate in the process via specific contractual arrangements
- Facilitation of harmonisation and sharing of expertise
