

Certification Activities Agency's achievements

Alain Leroy
Certification Manager - General Aviation

Main Objectives & Missions

✈ Our main objective

- ✦ To establish and maintain a high uniform level of civil aviation safety in Europe (for passengers, crews, and third parties)

✈ Our missions

- ✦ Certification (airworthiness and environmental protection) of aeronautical products, design, production and maintenance organisations

Milestones

- ➔ **15/07/2002 : Agency's creation**
(Regulation (EC) 1592/2002 of the European Parliament and of the Council)
- ➔ **17/06/2003 : Adoption of the Agency's rulemaking procedures**
- ➔ **28/09/2003 : The Agency is responsible for certification of aircraft, engines, parts and appliances** (Regulation (EC) 1702/2003)
- ➔ **28/11/2003 : The Agency is responsible for continuing airworthiness** (Regulation (EC) 2042/2003)

Assumptions

- ✈ The Agency is built on a strong legal basis which provides certainty to stakeholders**
- ✈ Minimal disruption to ongoing activities**
- ✈ The Agency is the European interlocutor in aviation safety**

How we work today

- ➔ Certificates and approvals are signed by the Agency**
- ➔ Certification experts are joining the Agency**
- ➔ Temporary service contract with CJAA: signed**
- ➔ Temporary outsourcing contracts with NAAs about to be signed & are signed with LFV (Sweden), LBA (Germany)**

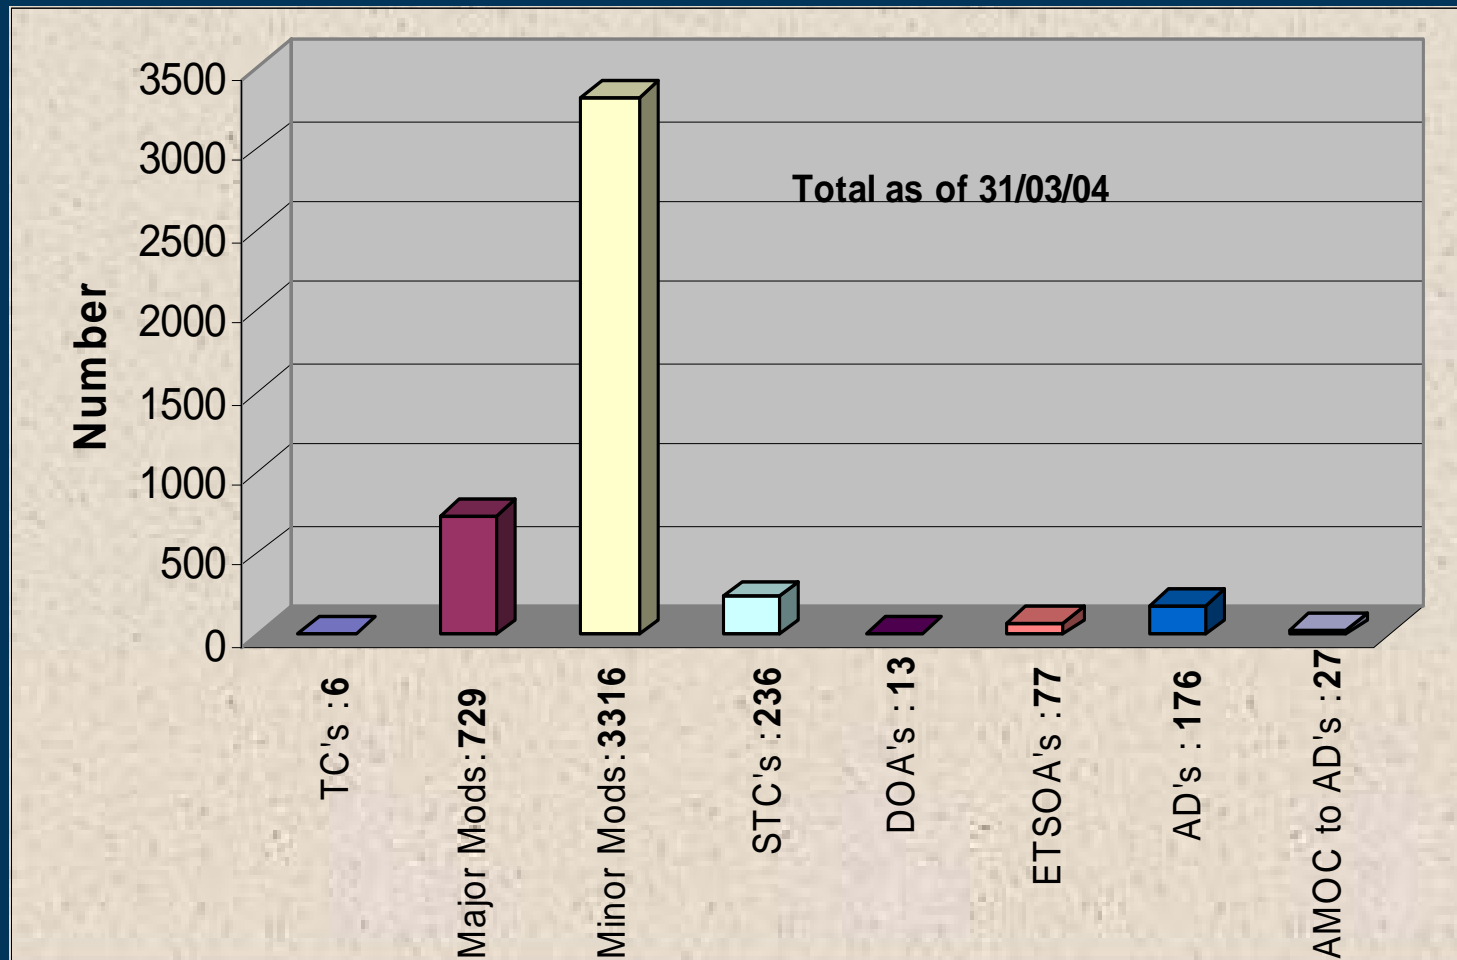

How we are going to work

✈ In the forthcoming months and years

- ✦ The Certification Directorate takes over the tasks internally in parallel with its staff growth
 - The challenge: the integration of NAA resources, and the definition of "In House" working methods
- ✦ The contracts are phased out accordingly

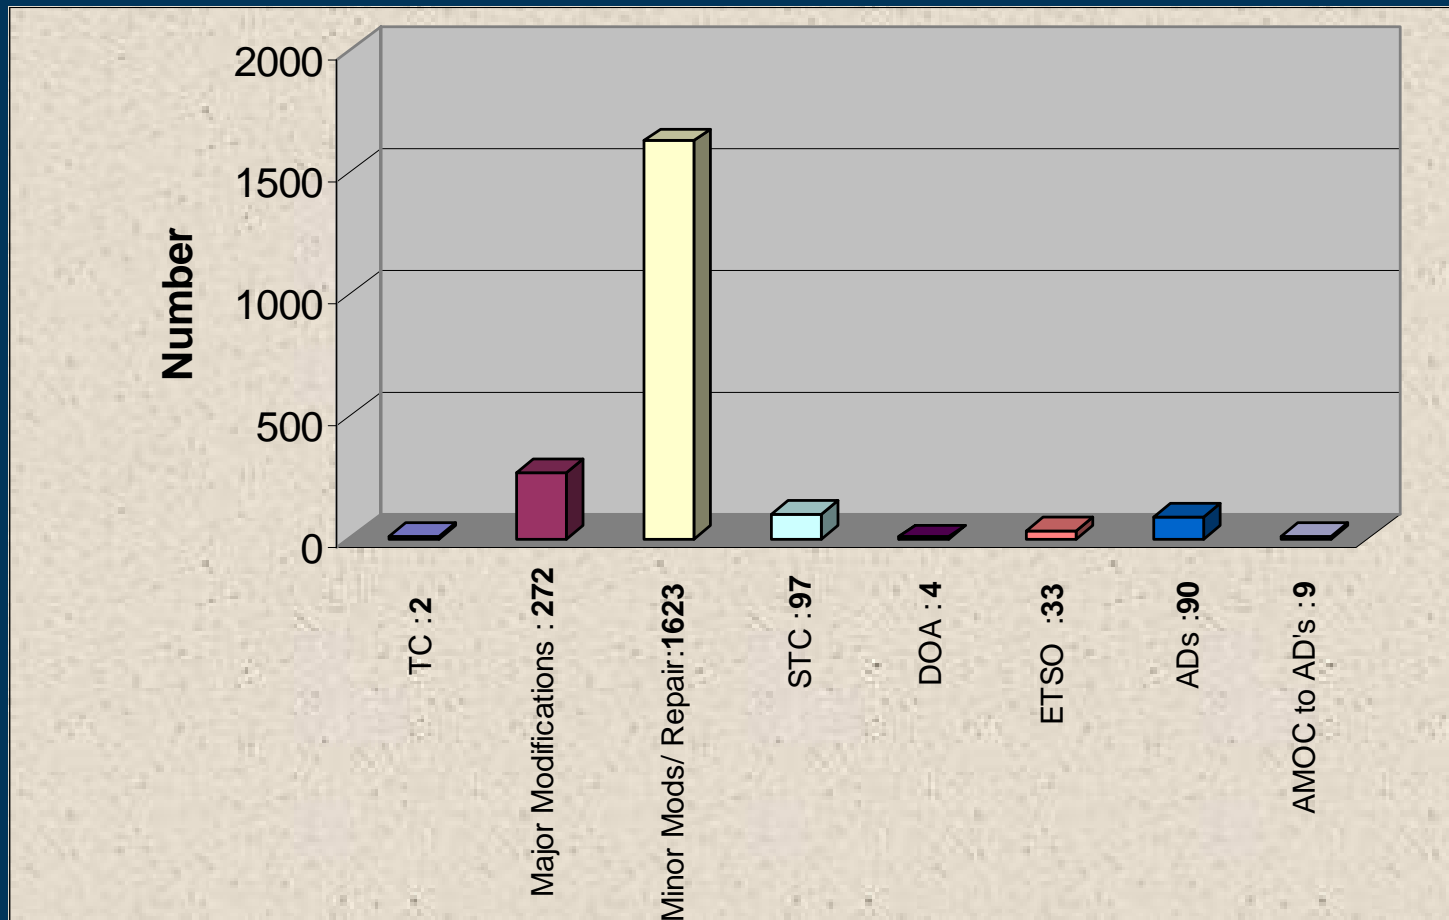

Approvals since operating
