Example

Rulemaking Programme

RM task:
Remote TWR

ANS common req.	ATM/ANS safety oversight	ATCO Licensing	Airspace usage req.	SERA
GEN			Part-ACAS	Rules of the air (RoA)
ATS				
MET		**Current rules**		
AIS				
CNS				

Implementing Rule

AMC/CS's

GM

EASA Opinion
EC/comitology

EASA Decision
Means of compliance

EASA Decision
Guidance material

Rules must reflect "state of the art" and best practices

Comply with ICAO SARPS

Use of new technologies and practises

Use of **standards** = uniform application of technologies and best practices
