SEPIAC Shared Electronic Platform for Initial Airworthiness Certification

Olivier TRIBOUT

SEPIAC Project Manager – DOA Team Leader

Issue 1

STC WORKSHOP

May 17th/18th 2017

Your safety is our mission.

An agency of the European Union

TE.GEN.00409-001

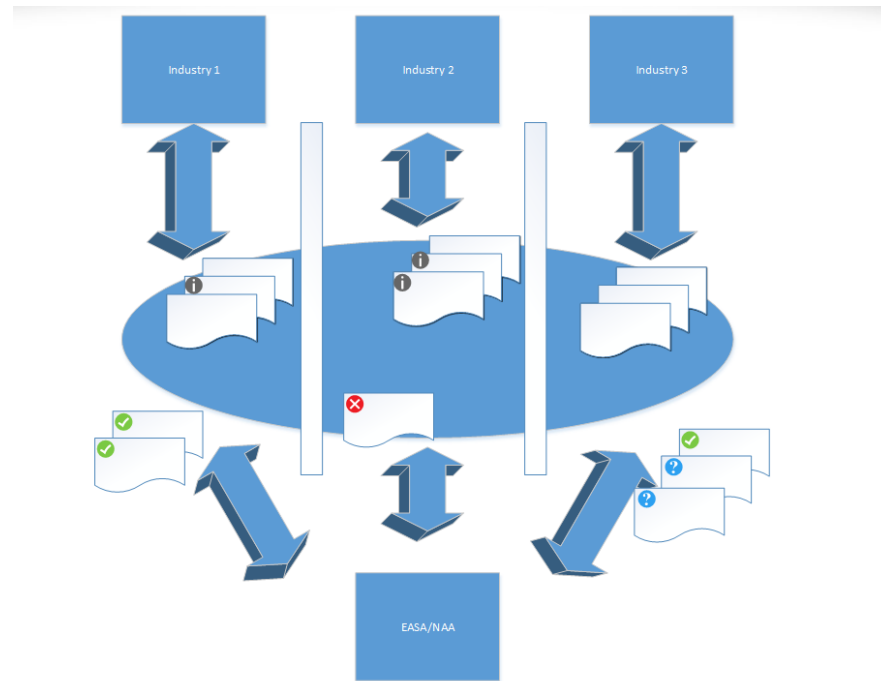

SEPIAC: the next revolution

Change the way we communicate during a certification project

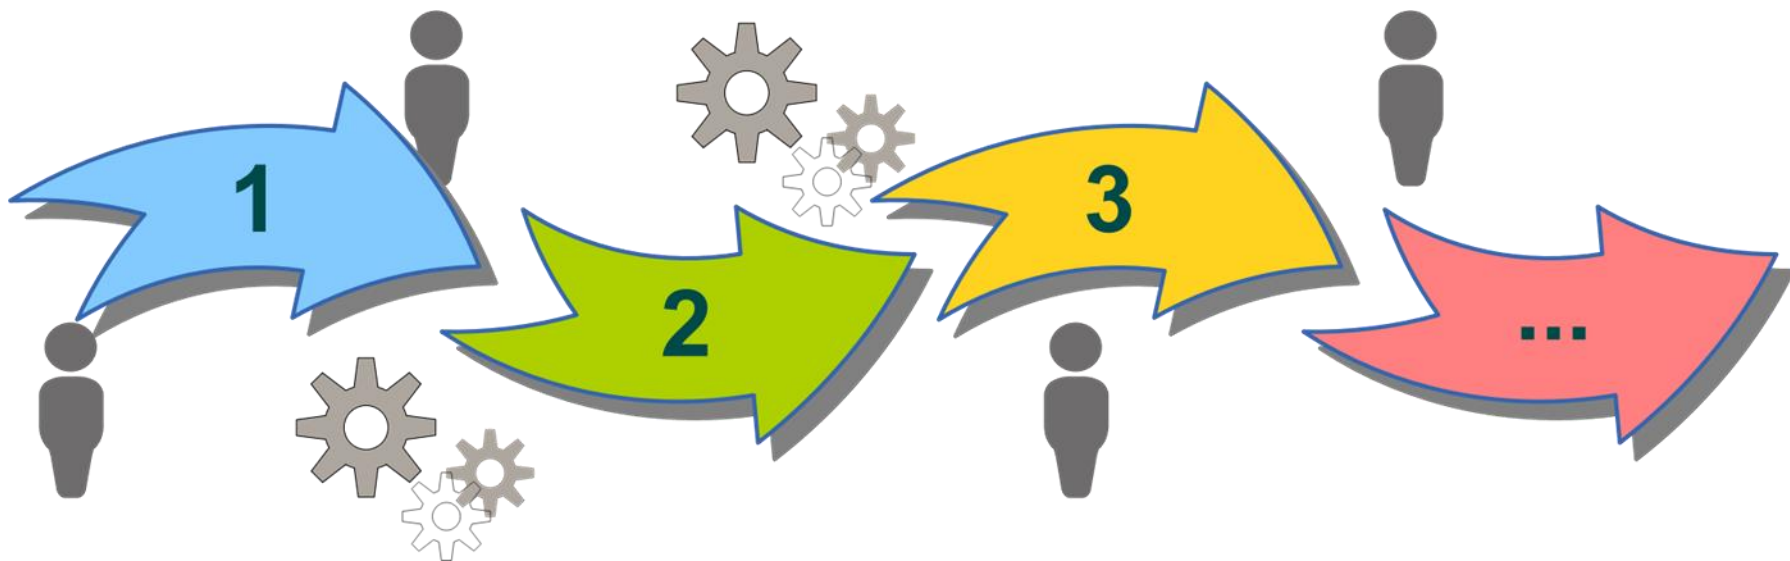

By having 1 central platform

...instead of having email avalanche

- SEPIAC will bring visibility and clarity
 - Status of the project
 - Status and version document
 - Current actionnee, what's next?

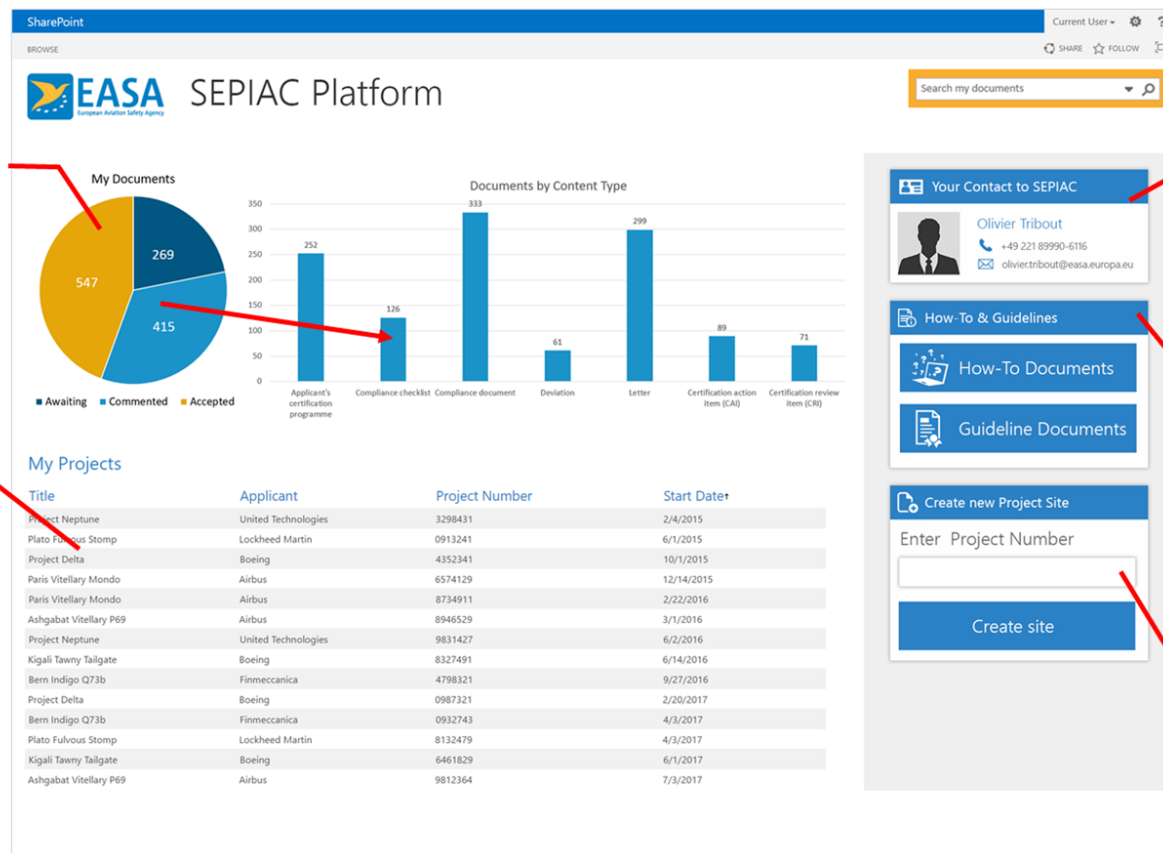

Technical data

- Cloud-based platform
- Sharepoint 2016
- Accessible for Applicants, EASA, NAAs and Third Country Authority

How does it look like?

Personalized Dashboard with Drill-Down Function

V1 release: June 2017
(tomorrow!)

Ramp-up until Dec 2017

Looking for volunteers

➤ Test of the platform: from end of June 2017

➤ Looking for volunteers

➤ Having an application to be filed around June

➤ Ready to dedicate some time

➤and experience potentially some issues

➤ Contact: olivier.tribout@easa.europa.eu
