mission.

European Union 

Panel's Objective

Performance Based Regulations (PBR) without jeopardizing the fundamentals

➤ The opportunities of PBR:

- Allows a better optimisation of the regulated area
- Flexibility compared to prescriptive regulations

➤ The challenges of PBR:

- Implementation for industry
- Oversight for Authorities
- Keeping the same level of safety as with prescriptive regulations

The panel will explore how regulators and industry are using these opportunities and facing the challenge of PBR in their business and operations.
