Description

- **The Data4Safety Information Session?**

The Data4Safety Information Session is dedicated to the European Operators, National Aviation Authorities and Air Navigation Service Providers who are interested to join the Data4Safety Programme as the Development phase of D4S is about to start in September 2022.

During the Information Session, briefings about the D4S Programme and the on-boarding process will be provided to the participants by EASA and the D4S Founding Members. Participants will be able to interact directly with the Members of the Programme during the complete event.

- **What is Data4Safety?**

Data4Safety (D4S) is the European data analysis and sharing programme launched in 2017 by EASA, in collaboration with 14 voluntary European aviation safety partners. D4S aims to collect and share the most valuable sources of aviation data in a highly protected environment. In this environment, aviation partners can join forces with data scientists to infer knowledge and produce actionable safety intelligence for Europe. This is achieved by leveraging cutting-edge big-data technologies and data science solutions.

You can find more information on the [Data4Safety Programme Webpage](#).

- **Who should register?**

European Operators, National Aviation Authorities and Air Navigation Service Providers.

- **Where will the D4S Information Session take place?**

The D4S Information Session will be organised as an in-person event and will be held in Brussels on 15 September 2022 at the [Hotel nhow Brussels Bloom](#). The conference hotel is conveniently located less than 5 mins walking distance from the Botanique/ Kruidtuin Metro Station.

Agenda

12:00 - 13:45 CET (UTC +2) - Reception Lunch

14:00 - 16:00 CET (UTC +2) - Information Session

16:00 - 17:30 CET (UTC +2) - Networking Session

Registration

The registration is open until 01/09/2022 – **D4S Information Session is free of charge**.

To register, select a ticket and follow the online steps.

Should the form not display correctly, please try again using another browser (e.g. Google Chrome, Mozilla Firefox, Microsoft Edge, Opera, Safari).

Note that the D4S Team will screen all registration requests and determine their eligibility before confirming the registration.
