Description

The objective of the annual coordination meeting between the European Civil Aviation Safety Investigation Authorities and the European Union Aviation Safety Agency (EASA) is to share the main achievements on the progress made with the European Safety Risk Management process, as well as to stimulate way forwards in the data exchange and analysis processes between the SIAs and the Agency aimed to identify and assess systemic risks.

The target audience are representatives from the European Commission - DG MOVE and representatives from the Safety Investigation Authorities (SIAs) from European Union.

Agenda
