Description

14 April 2015

09:00 – 18:00

Registration opens at 08:30hrs.

The workshop is dedicated to cabin crew and cabin safety community – representatives from industry, competent authorities, professional organisations, and is open to any interested stakeholders.

The objectives are to provide an update on EASA rulemaking, certification and standardisation developments in the area of cabin crew and cabin/passenger safety and to create an interactive open forum for the exchange of information with the

participants on the recent legislation changes and their implementation/practical application.

The workshop will also include an update on the ICAO ongoing programme and activities related to cabin crew, as well as practical examples and presentations from competent authorities and industry.

Stakeholders are invited to submit proposals on areas they would like to discuss in the open forum, e.g. cabin crew/cabin safety aspects that should be covered in the legislation or may currently be insufficiently addressed. Proposals should be addressed to [air_ops \[at\] easa.europa.eu](mailto:air_ops@easa.europa.eu) ([air_ops\[at\]easa\[dot\]europa\[dot\]eu](mailto:air_ops@easa.europa.eu)).
