### Description

The STC workshop is primarily aimed at STC applicants to support them in better understanding our expectations.

With this event EASA is providing regulatory updates and detailed technical presentations in areas of interest for the applicants to enhance communication and ensure fruitful co-operation facilitating more efficient processing of STC applications. This year the format of the STC

Workshop will include also sides industry sessions at the end of the 1st day to allow debates and technical discussions with a PCM and a DOA TL as facilitators to better understand our expectations and work in synergy.
