[Presentations - day 2](#)

Description

The purpose of the seminar is to discuss new regulations and new developments on the certification of general aviation aircraft. Last year the GA seminar was focused on LSA aircraft and this year is more focussed on the larger GA aircraft, but the first day is still relevant to the smaller GA. The intention is to rotate the seminar focus every year to cover all kinds of general aviation aircraft.

Contact

Registration is limited to 2 people from each organisation or National Authority and will be confirmed after 01/09/2013. For registration or proposal for topics to be added to the agenda please contact generalaviation [at] easa.europa.eu
