# Caribbean – EASA Conference

ICAO INITIATIVES FOR COOPERATION

Melvin Cintron

*Regional Director, ICAO North American, Central American  
and Caribbean Office*

Barbados, 12-13 October 2017

# Collaboration opportunities

## Post Hurricane Irma Aviation systems' needs assessment for the Caribbean Region

- ✈ Regional coordination and cost-effectiveness
- ✈ Purchasing of equipment and other needs in economies of scale which would make meeting the SARPs and having needed equipage much cheaper for each member State;
- ✈ Allow for standardization harmonization and interoperability of the various systems in the region;
- ✈ Training and its recurring costs would be highly reduced;
- ✈ Sharing of qualified technical personnel would be another great benefit to the harmonized standardized equipage; and
- ✈ Required inventory of spare parts would also be highly reduced.

# Collaboration opportunities

## Harmonization of regulatory Framework Project

- ✈ Identification of commonalities, equivalences and updates
- ✈ Enhance Regional Collaboration with Regional Organizations like RAIO, RSOO, etc.
- ✈ Facilitate MRO – PEL certification
- ✈ Facilitate trans-national Inspectors
- ✈ Ensure State up-to-date amendments

# Collaboration opportunities

## Transnational Inspectors – CASSOS/Central American Corporation for Air Navigation Services (COCESNA)

- ✈ Facilitate of exchanging inspectors- enhance regional collaboration
- ✈ Facilitate State Safety Oversight – support on areas of less EI
- ✈ Increase State Safety Oversight capacity and timely execution
- ✈ Enhance training of Inspectors

# Collaboration opportunities

- ✈ Regional Capacity and infrastructure development for Transnational Inspectors and IT System Implementation to include GSI Training, International Inspector Training
- ✈ Increase Safety Oversight Effective Implementation in the Lesser Caribbean Islands (OECS and Barbados)

# Collaboration opportunities

## CASSOS Enhancement initiatives

- ✈ Caribbean Aviation Security and Safety Oversight System (CASSOS) organizational study: staffing and procedural improvements
- ✈ Training programme on Accident and Incident investigation (AIG) to promote capacity building of AIG roles in State and in RSOOs such as CASSOS
- ✈ Enhancement of CASSOS Organization/study for institutional improvements
- ✈ Maximization of CASSOS oversight activities: funding for CASSOS State oversight missions

# Collaboration opportunities

- ✈ Regional Caribbean Accident and Incident Investigation Organization (RAIO C) Project
- ✈ Enhancement of the AIG RAIO in Central America: Regional Aviation Accident Investigation Group (GRIAA)
- ✈ Establishment of Regional Airmen testing Data Bank System
