Subject: Invitation to the EASA ETSO Workshop 2007

Dear Madam, dear Sir,

As in the previous years in December EASA would like to invite you for the annual ETSO workshop. The workshop will take place here in Cologne at the Deutsche Jugendherberge – Room Barcelona just opposite EASA on **04.-05.12.07**. Please note that there is no attendance fee for the workshop but due to the room size we might have to limit the attendance to 1 person per company. We will send out a confirmation after the registration deadline.

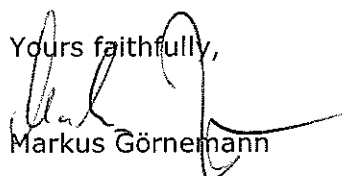

The subjects likely to be discussed at the workshop are

1. General update on EASA from the Parts & Appliances Section
2. FAA topics
3. Update from EASA Rulemaking
4. Several technical topics like
 - a. General topics for Certification projects
 - b. Minor Changes
 - c. Validation of ETSOAs by third countries
 - d. Handling of Deviations

As to better prepare the workshop, we would like to get your questions and views in advance. We would also like to know about areas in which you see problems that should be addressed. So if you could please submit your questions or proposals not later than **16.11.2007** to allow us to prepare for the workshop. Please use the attached form for providing your questions.

Please use also the attached registration form for the workshop. The deadline for registrations is also **16.11.2007**. Further details about the workshop will be provided at a later stage.

Looking forward to seeing you at the workshop,

Yours faithfully,

Markus Görnemann
