Subject: "EASA's flight plan for Sport Aviation- Workshop on Initial Airworthiness"

Hosted by AeroExpo Prague 2008 in conjunction with LAA-CR and LAA-UK
Friday 25 April 2008 (10.00-15.45)

Dear Sir, Dear Madam,

I am pleased to invite you to attend our workshop **"EASA's flight plan for Sport Aviation - Workshop on Initial Airworthiness"** to be held at the Pribram Airfield in Prague (EASA Seminar Room), on **Friday 25 April 2008**. This workshop is hosted by the AeroExpo Prague 2008 in conjunction with LAA-CR and LAA-UK.

The objective of the workshop is to present the NPA to Part 21 that is proposing a simplified process for European Light Aircraft (two sub-processes: one for aircraft less than 2.000 kg; one for aircraft less than 1.000 kg). This workshop will generate first reactions on the NPA and facilitate the preparation of comments to the NPA for authorities and stakeholders, in particular designers and producers of Light Aircraft.

The workshop is open to authorities and stakeholders interested in certification of Light Aircraft, in particular designers and producers of Light Aircraft.

The event will be published on the Event page of the EASA Website:
http://www.easa.europa.eu/ws_prod/g/g_events.php

We also refer to the presentation developed by the MDM.032 EASA Working Group "Developing a concept for a better regulation in General Aviation", available on the Home page of the EASA Website: **http://www.easa.europa.eu/ws_prod/g/g_about.php**

You are kindly requested to indicate your interest by completing the "registration form" on the EASA website (Events), and to submit it via e-mail, **before Friday 18 April 2008**, to **isabelle.mertens-de-wilmars@easa.europa.eu**. The workshop is only accessible to registered participants, who will receive confirmation of participation. Acceptance will be limited to 1 representative per organisation, due to capacity limitations. Registration will be done on a first come first serve basis. (maximum 100 participants)

Important! Please be informed that in order to have access to AeroExpo Prague 2008 you will also need to register on-line (see AeroExpo Prague 2008 website, Free Entry: <http://www.expo.aero/register/register-main.asp?EId=3>)

Should the number of registrations exceed the capacity limitations, EASA could consider organising an additional workshop, at a later date, probably at Cologne, Germany

For additional information, please contact Yves Morier by e-mail at yves.morier@easa.europa.eu

Welcome of participants will start at 9.30 AM and the meeting at 10.00 AM and is scheduled to finish not later than 15.45 PM.

I hope that you will find this event of interest and we look forward to meeting you.

Yours faithfully,

C. PROBST
