

EASA Certification Information

No.: 2024-05
Issued: 7 March 2024

Subject: Transfer of STC¹ 10066090 to Boggi Aeronautics S.r.l.

STC No.: 10066090

Affected product(s): Airbus Helicopters
EASA.R.105
AS 365 N2, AS 365 N3

Issue date: 5 March 2024

Issued by: EASA

STC Holder: Boggi Aeronautics S.r.l.

Background: The STC 10066090 addresses the installation of a Trakkabeam A800 High Intensity Searchlight System into Airbus Helicopter models AS 365 N2 or AS 365 N3.

The STC was initially granted by EASA on 4 July 2018 to Phoenix Aerospace Ltd. Following the withdrawal of the United Kingdom (UK) from the European Union (EU), UK became the State of Design, however, the STC remained valid in EASA Member States.

Following a transfer of the STC to the new holder Boggi Aeronautics S.r.l., EASA became again the State of Design. On 5 March 2024 EASA issued the STC to the new STC holder.

In accordance with [TIP](#)² CAA UK/EASA, page 50, 4.2.1, 7th paragraph it is expected that the transferring Authority CAA UK will reissue (means: validate) the STC in the name of the new holder after the Competent Authority EASA has issued its STC.

EASA hereby kindly asks you to communicate the aforementioned transfer to any natural or legal person to whom it could be of direct and individual concern as well as to other possible interested persons.
