EASA SMS Q&A

Webinar

- Please take your seats.
- Use the Sli.do or Youtube chat for questions.
- Material, recordings and answers will be posted on the Air Ops Community.
- Now, introducing our expert panel.

The management of safety is a journey to help us deal with a challenging and changing world.

It's a journey we take together and we are by your side, always!

Lots of questions, many on Part 21/ 145

The key points are

Timeline: (2 years transition for full implementation)

Part 21: Applies 7 Mar 2023 - AMC in Summer 2022

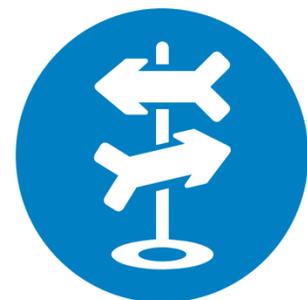

Part 145: Applies 2 Dec 2022 - AMC in weeks

Applicability of SMS for Part 21 and CAW:

For: Part-CAMO, Part-145, Part-21 Subparts G and J

Not For: Alt Proc to DOA, Part 21 Subpart F, Part-CAO

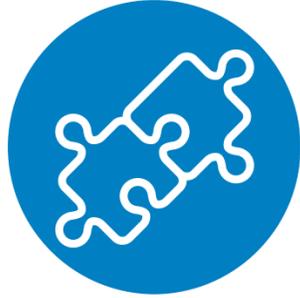

Approach to the AMC: (Aligned across all domains and based on Air Ops and Part-CAMO)

For CAT: Part-CAMO has to be integrated into Air Ops

For Part 145: Copy/Paste from Part-CAMO

For Part 21: Same principles, different reg structure

Integrate Compliance monitoring (QMS) and SMS

Called the Management System

Integrated also extends to Security/ Cyber and others

To Integrate or not the choice of the organisation

One SMS per approval (not site) - can be connected

Same for SMS Manuals - they can be merged

Quality is about compliance

QMS, ISO 9000 etc

But this isn't enough to ensure nothing goes wrong

SMS is about achieving safe operations

What are your risks, how do you know, what are you doing about it, is it working? Compliance monitoring and safety management must work together

An integrated approach to SMS starts with compliance and builds on it to ensure safe and effective operations in a changing world.

Safety is the capacity to keep things safe and not the outcome

To your big questions

We finish this flight - but the journey will continue

- The Sli.do will be cleaned and will stay open, keep asking your questions. We will try our best to keep updating.
- Information will be posted on the Air Ops Community so please join and keep updated as things change.
- More sessions like this will be held over the coming months.
