

AWO Workshop

Suitability for LVO

General

Assessment

- No standards match between aircraft certification and aerodrome requirements for LVOs.
- A runway suitable for one aircraft may be unsuitable for another.
- Not possible to define a general category of 'irregular' runways.

AMC1 SPA.LVO.110

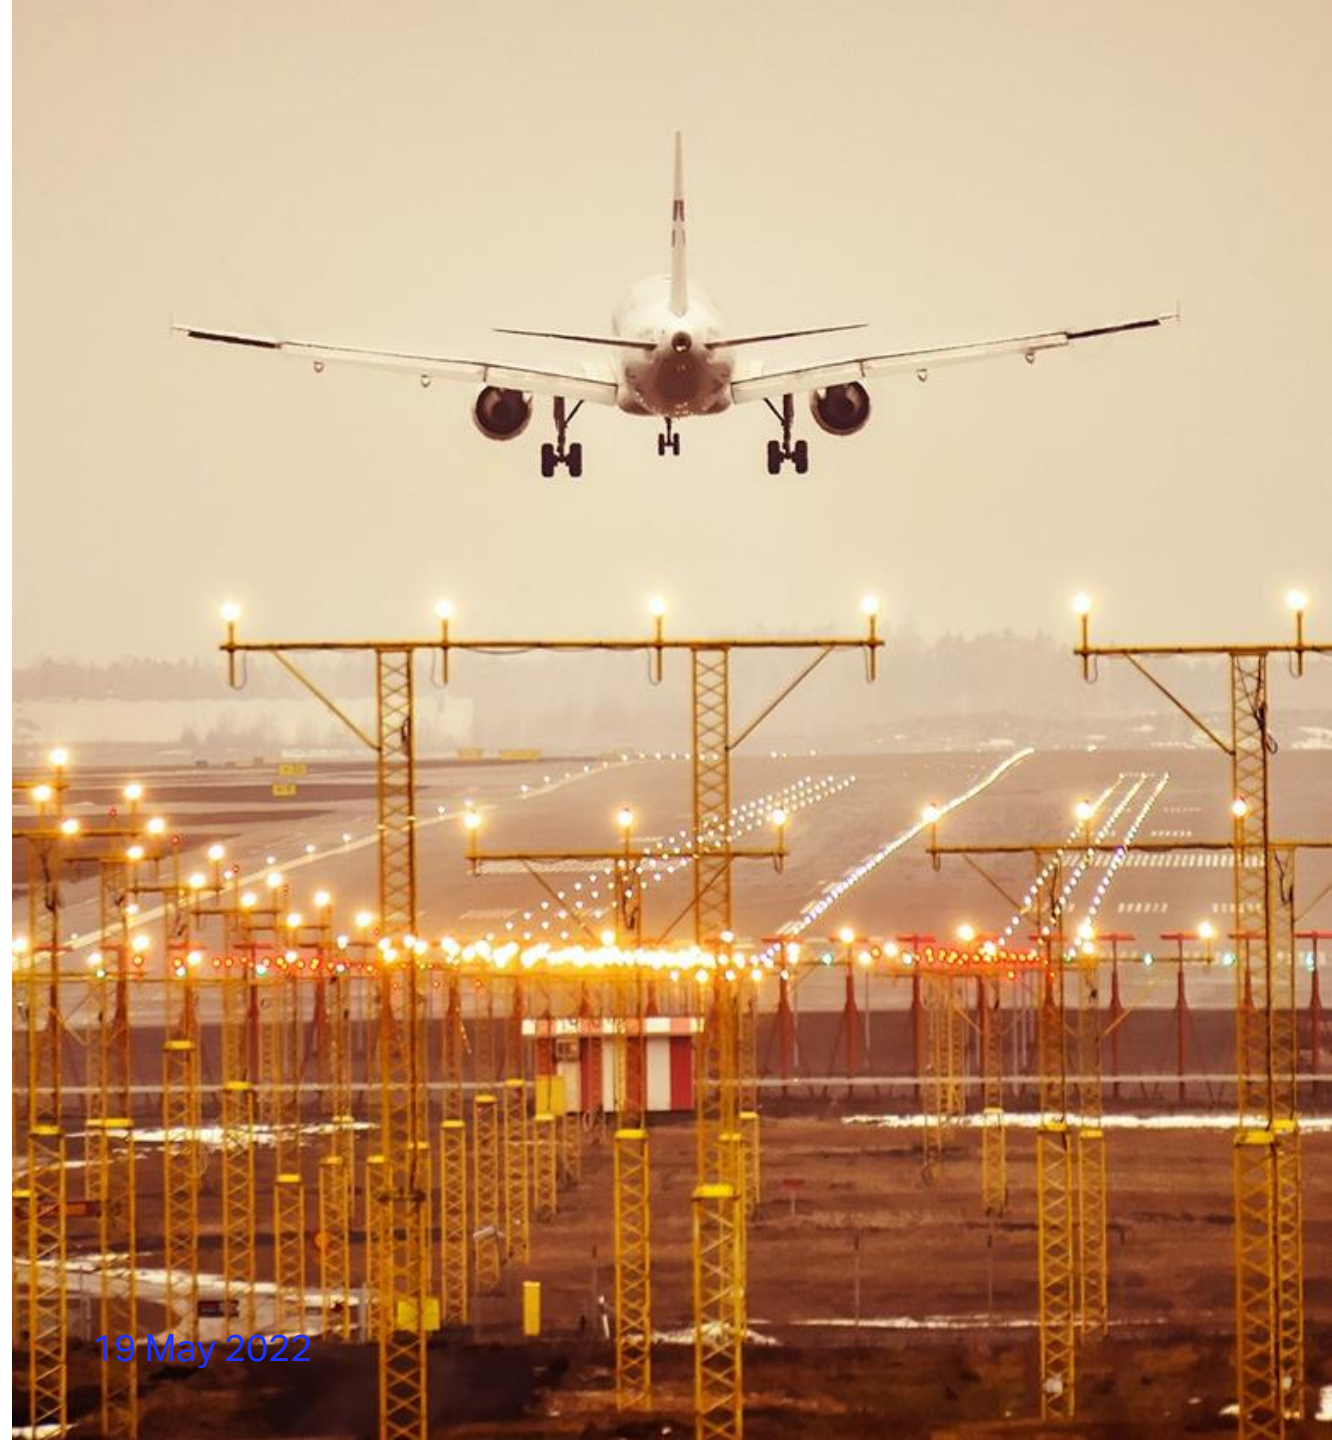

ASSESSMENT OF AERODROMES FOR THE INTENDED OPERATIONS

Suitability of the aircraft intended operations at an aerodromes including instrument flight procedures.

Suitability

- NAV AIDs & IAPs.
- Aerodrome procedures (LVPs).
- Runway environment.

Starting Point AMC1 SPA.LVO.110 (b) (1) to (3):
