Summer 2023: Lessons learnt in 2022 ?

Safety considerations

- FTLs used as limits
- Captain's discretion seen as a given
- Operational shortcuts

Crew

Provide tools & encourage them to feel confident to push back ops, if deemed unsafe

Raise EU-wide awareness among pilots about safety risks

A Must:
EFFECTIVE OVERSIGHT
by NCAs & EASA

Involve pilots (e.g. via fatigue survey)
