

# Summer 2023

## No Compromise on Safety

Are you Ready, Resilient and Responsive enough for this summer's challenges?

# Safety Week Agenda

Free registration

Part 1  
Tue 30 May

1000-1130  
Intro/ Cross  
Domain

1400-1530  
Air Ops

Part 2  
Wed 31 May

1000-1130  
Aerodromes/  
Ground Handling

1400-1530  
Maintenance  
and CAW

Part 3  
Thu 1 June

1000-1130  
Flight Training/  
ATO

1400-1530  
Emerging Risks  
in ATM

Part 4  
Fri 2 June

1000-1130  
Cyber/ Security

## Agenda

**Wed 31 May  
(1000-1130)  
Aerodromes  
and Ground  
Handling**

[More info on EASA website](#)

### **1. Setting the scene**

- Julia Egerer, EASA, moderator
- Florent Morel, EASA occurrence analysis

### **2. Local Runway Safety Teams: collaboration in action**

- Marco Maderna, Milan Airport
- Stuart Carmichael, Menzies Aviation

### **3. Safety promotion campaign on Occurrence reporting & GH**

- Nicolas Vernhes, DGAC France
- Mathieu Compiegne, Groupe Europe Handling

### **4. Innovative training & qualification solutions**

- Davy van Hyfte, Brussels Airport
- Bjorn van den Eynde, ETF

### **5. Wrap-up & conclusion Julia Egerer, EASA**

# Airport operations in a complex & fragile ecosystem

- ➔ **Transparency** – sharing of data between stakeholders is a prerequisite of good change & crisis management, making good use of local runway safety teams to increase efficiency & safety.
- ➔ **Teamwork** – working together, including with authorities to improve reporting. Innovative proficiency check training solutions using team assessments.
- ➔ **Trust** – no reporting without just culture & no reports without feedback loops to show that reporting has a positive impact on the professional lives.

# Theme: No Compromise on Safety

Main themes of his summer campaign and Safety Week (30-May):

[EASA Safety Week 2023 - Online | EASA \(europa.eu\)](https://www.easa.europa.eu/easa/safety/easa-safety-week-2023)

**Ready** Having enough competent people and all the resources to manage risks effectively so that you can ensure safe and effective operations.

**Resilient** Having the mindset to encourage collaborative safety conversations and then reacting positively and quickly to changing situations.

**Responsive** You are prepared for any operational challenges and external threats by not pushing the boundaries of the rules and being on guard for risk transfer.

# The Rampup Campaign - Organisational Overview

## The importance of an industry-wide campaign

Aviation services are interconnected and rely upon organisations working together seamlessly.

Summer strategies need to be addressed by all organisations to ensure the safe and effective delivery of services.

We all need to focus on key behaviours during the rampup of operations over the coming months.

## Be Ready means

Ensuring that you have the right tools, equipment and infrastructure in place.

Having enough skilled, trained and qualified people who are operationally ready and fit for duty.

Putting your staff and their wellbeing at the heart of a people centred rampup.

## Stay Safe means

Encouraging people to follow recognised processes, procedures and practices.

Knowing your risks and mitigating them effectively as part of a resilient management system.

Setting a culture of trust that encourages reporting and for people to talk openly about safety and wellbeing.

Its purpose and what it stands for

"To provide useful information that engages people in positive conversations about safety so that the aviation community can comply with the necessary rules and proactively manage their risks to ensure safe and effective operations".

## Collaborative

- We collaborate to understand the challenges industry are facing and work hard to help develop practical solutions.

## Useful and Supportive

- We collaborate to understand the challenges industry are facing and work hard to help develop practical solutions.

## Plain Speaking

- We use plain, simple language that seeks to provide the clarity people need to easily understand often complex information without talking down to them.

## Engaging

- We start positive conversations about safety that gets people thinking and provide the tools and information industry needs.
