EASA SAFETY WEEK

31.05.2023

Andreas Nistad

Maintenance Director & NP Part-145

norwegian 

Securing modern fleet for 2023 and beyond

Securing fleet for summer ramp-up

- Signed LOI with ALC for six 737 MAX 8 due before summer 2023
- Counteracting Boeing delays for aircraft originally due this spring
- Summer 2023 fleet increasing to 81 aircraft

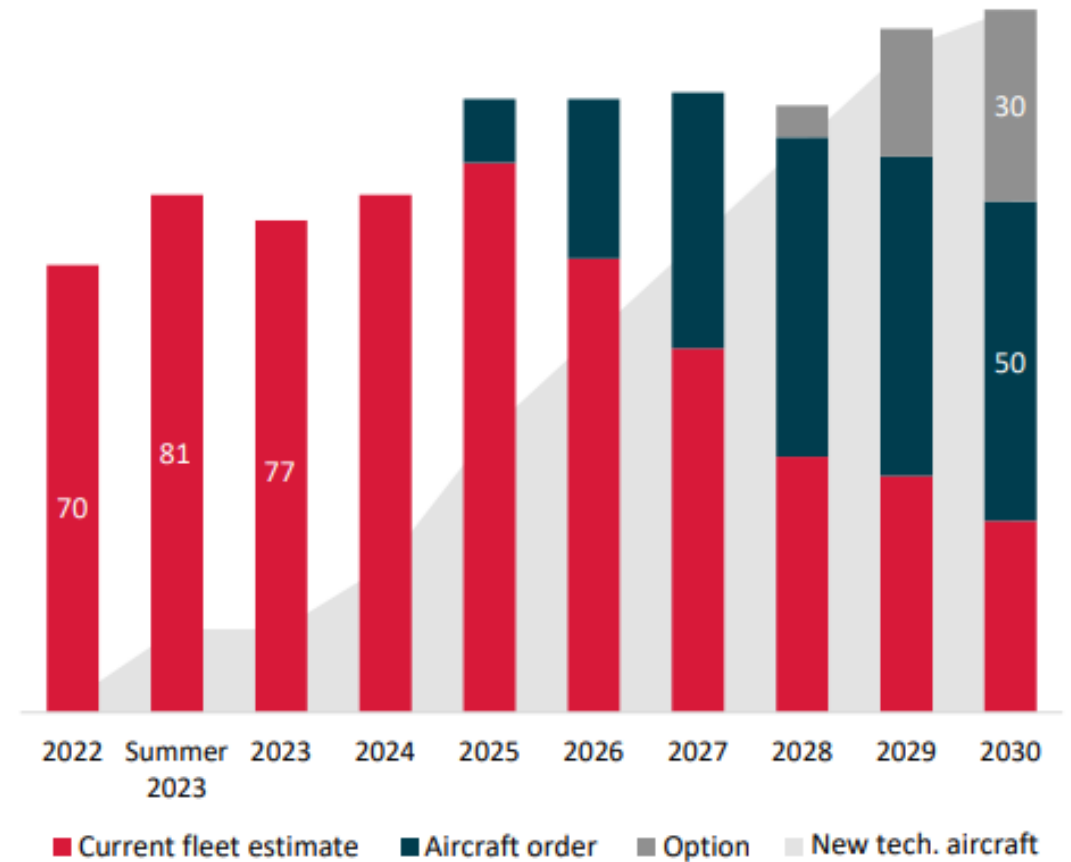

Replacing older generation aircraft

- Redelivery of leased 737 NGs
- Replaced by fuel-efficient aircraft with significant cost savings – above 14% reduced fuel-burn
- Serving customers latest technology – 40% noise reduction

Aircraft order delivery from 2025

- Order for 50 737 MAX 8 aircraft – delivery 2025-2028
- Option for additional 30 aircraft – delivery 2028-2030
- Attractive pricing and inflation protection
- NOK 2.9 billion PDP paid-in
- Significant share to be owned – reducing overall financing cost

CAMO and Part-145 setup

One Technical organisation

Part-CAMO

Overall responsible for Continued Airworthiness.

Organization approved by the Norwegian and Swedish CAA, with three separate approvals.

Divided into four key areas:

Engineering

Maintenance program, Reliability, AD/SB monitoring, AMOS Masterdata.

Planning & aircraft transition

Maintenance planning and executed in due time, Phase-In/-Out of aircraft

Powerplant

Engine Trend Monitoring, shop visit management, lease contracts

ARC

Issuing, renewal and extension of Airworthiness Review Certificate

Part-145

Overall responsible for performing maintenance.

Organization approved by the Norwegian CAA.

Divided into five key areas:

Production

OSL, ARN & CPH are bases which are approved for Base maintenance. SVG, TRD & BGO are Line stations.

Production Control & Planning

Task, manpower and skills management

Supply Chain & Warehousing

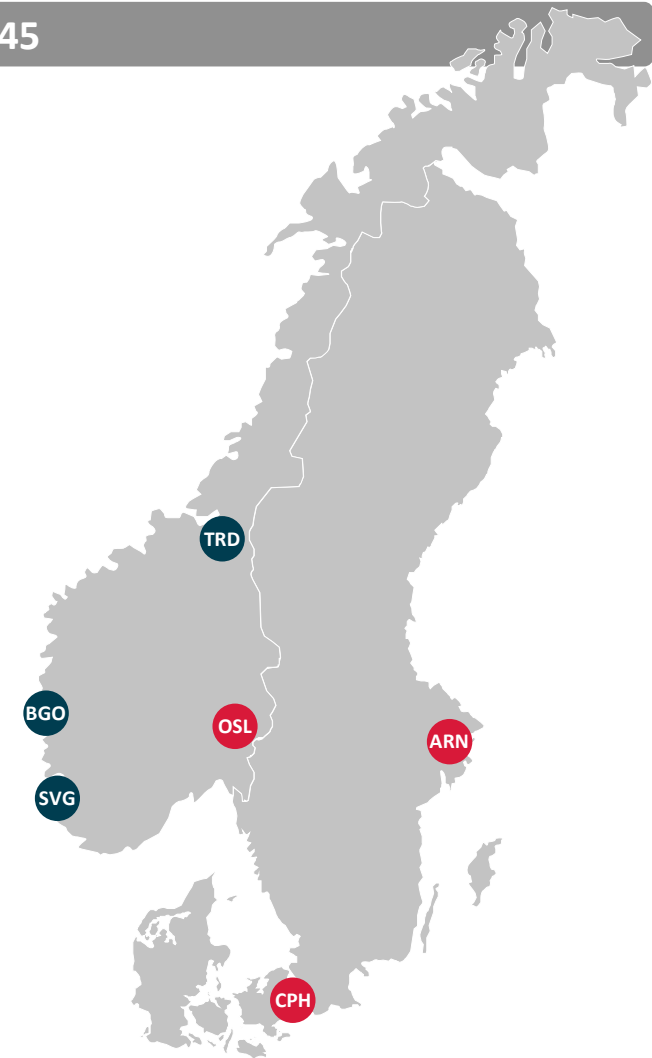

Stock optimisation, supplier performance management

Maintenance Support

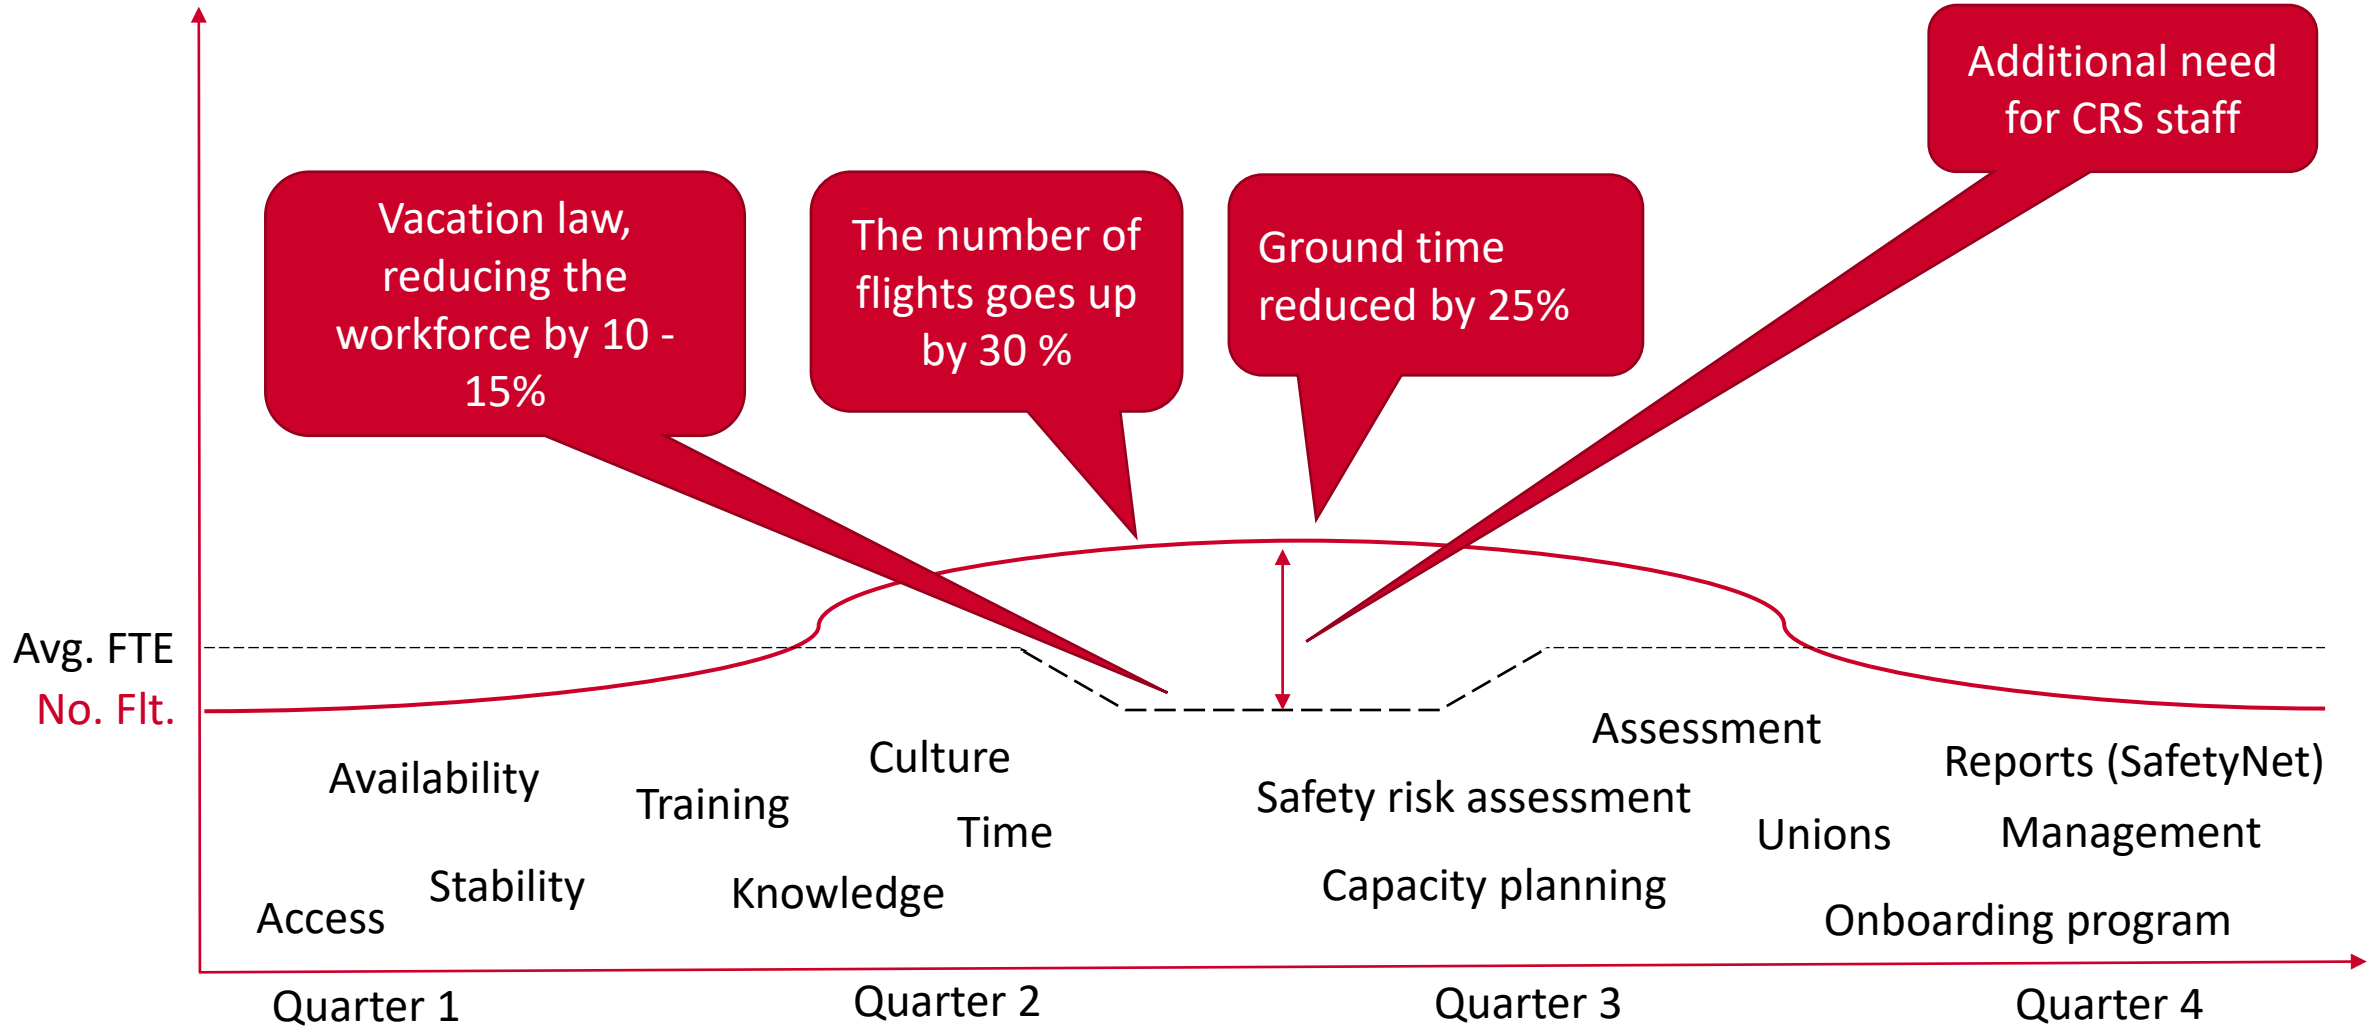

Tools, equipment and component maintenance

Training department

Coordinating all technical training activities

Mastering Onboarding and Ensuring Safety with Contracting Staff

Thank you

Operational Excellence
