Description

The EASA Certification Directorate is pleased to welcome you to the first EASA Certification Conference, which aims to provide its audience with the latest updates on certification activities including regulatory updates, innovation in the field of certification and future challenges for the EASA certification Directorate. The event will also provide industry representatives with an opportunity to provide feedback on their experiences of working with EASA in a number of key areas. We look forward to welcoming you in Cologne on December 7th 2022.
