Question:

Do declared training organisations (DTO) need a CAMO/CAO and approved maintenance organisations?

Answer:

Regulation (EU) No 1178/2011 was amended in July 2018 to introduce Part-DTO as regards to declared training organisations (ref. Reg. (EU) 2018/1119). Regulation (EU) No 1321/2014 was therefore amended and aligned the Continuing Airworthiness obligations of ATO with those of DTO.

This means:

	Complex motor-powered aircraft	Other than complex motor-powered aircraft
Applicable requirement	M.A.201(f) is applicable	M.A.201(h) or, for aircraft specified in Article 3(2), ML.A.201(e) are applicable
Continuing airworthiness management	CAMO is required	CAO (with continuing airworthiness management privilege) or CAMO is required
Commercial DTO		
Maintenance	Part-145 organisation is required	CAO (with maintenance privilege) or Part-145 or Part-M Subpart F organisation is required

Applicable requirement	M.A.201(g) is applicable	M.A.201(i) or, for aircraft specified in Article 3(2), M.L.A.201(f) are applicable
		CAMO is not required
Continuing airworthiness management	CAMO is required	CAO (with continuing airworthiness management privilege) is not required
Non-Commercial DTO		With the exception of complex maintenance tasks under Part-M:
		CAO (with maintenance privilege) is not required
Maintenance	Part-145 organisation is required	Part-145 organisation not required
		Part-M Subpart F organisation is not required

Please also refer to GM1 M.L.A.201(e) which provides examples of aircraft not considered to be operated by a commercial ATO or a commercial DTO.
