## FAQ n.139197

### FAQs:

[Conformity assessment during the transition period, Air Traffic Management / Air Navigation Services \(ATM/ANS\) ground equipment, Regulations](#)

### Question:

**What happens with the equipment sold by a DPO during the transition period and installed by the ANSP but at the end of the transition period, the DPO is not certified by EASA?**

### Answer:

During provisional period, it is possible to issue a statement of compliance (SoC). It becomes legacy equipment at the start of 2028. Therefore, legacy ATM/ANS GE issued with a SoC during this transition period (2023-2028) will be subject to evaluation by EASA and subject to certification/declaration. After 2028, this path will be closed.
