### A.2 - Do I have to pay?

#### Answer

In general, all EASA certification tasks and service activities are chargeable. [Implementing Regulation \(EU\) 2019/2153](#) of the European Commission requires the Agency to levy fees for the issuance of certificates and approvals and to levy charges for the provision of services.

The applicable Regulation and further information can be found under [Fees and charges regulations](#).

### A.3 - When do I have to pay?

#### Answer

Based on your application or based on your Certificate or Approval under the Agency's surveillance, you shall receive an invoice notifying you of the fee or charge to be paid. (EASA invoices feature the word "Invoice" in the title and an eight-digit document invoice number starting with the digits '90'). Please do not pay anything before you have received such an

invoice. The Terms of Payment ([General Terms of Payment](#)) for all invoices is 30 days.

Invoices are issued depending on the nature of the fee or charge:

- tasks which give rise to the payment of a flat rate: after receipt of the application at EASA;
- tasks which give rise to the payment of a flat rate occurring after the issuance of the certificate (e.g. continued airworthiness activities, oversight activities): before the start of the annual billing cycle;
- tasks which give rise to the payment of fees or charges on an hourly basis: invoicing is either on a quarterly, yearly or monthly basis.

In some cases a payment is required before the project can start or continue; in the case of hourly charging the invoice is based on the estimated number of working hours.

Travel costs are charged as soon as the related data becomes available.

- For other services, all costs shall be payable in full at the time EASA stops working.

Where an interruption of the performance of a task related to an application takes effect within the first billing cycle, the fees for that billing cycle shall not be reimbursed. Where such interruption takes effect after the first billing cycle, the balance of any fees due shall be calculated in accordance with the above mentioned criteria.

You should indicate only the document number shown on the invoice. EASA invoices feature the word “Invoice” in the title and an eight-digit document invoice number starting with the digits ‘90’. It is very important to use the correct reference - if you do not provide the invoice number or a payment advice - EASA shall be obliged to return the payment to you, at your expense.

Please remember that EASA does not accept cash, cheques and credit card payments nor payments in currencies other than Euro. Only wire transfers in EURO are acceptable means of payment.
