

European Union Aviation Safety Agency

FAQ n.20124

FAQs:

[Flight conditions & Permit to Fly](#), [Design Organisations](#)

Question:

Can I, as a DOA holder, use my privilege to approve a permit to fly for an aircraft registered in a different country? Even when that country is not a member of the EU?

Answer:

A DOA holder can issue a Permit to Fly for an aircraft registered in any EASA Member State but not for aircraft registered in other countries.
