

GA and Weather – Setting the Scene

Your safety is our mission.

Lets Start with 2 Quotes

→ “The noblest art is that of making others happy”

→ “Through the power of collaboration we are Safer Together”

Safety in Numbers – The Weather Challenge

- Weather related GA accidents have killed **392** in the last **10** years
- Just the **reported incidents** – **5,606** for GA since 2009
- The **types of events and outcomes**
 - **Obstacle collisions** – **118**
 - **Terrain collisions** - **101**
 - **Unexpected weather encounters** – **331**
 - **Unintended IMC** - **175**
 - **Adverse cloud condition encounters** – **119**
 - **Icing condition encounters** – **148**
 - **Loss of visual references** - **77**

What Can We Do to Make a Difference?

- Consider what we can do to improve things for pilots like Victoria
- **Develop practical proposals and solutions**
 - **To help pilots have better information** both before and during the flight
 - Ensure they have the tools they need to **interpret the information available** and use it without reducing safety in other areas – **information overload is a problem especially for inexperienced GA pilots**
- **Safety Promotion can play a big role in pilot education**
 - Our new, collaborative Safer Together programme will see us working to create interesting and engaging content (blog posts, guides, videos, podcasts, webinars, etc)
 - **We look forward to your ideas – even some crazy ones**

Let's Get Started on our Collaboration and Save Some Lives

Your safety is our mission.
