Work package 4
Provision of support to Armenia in reviewing the EU safety visit assessment report and establishing a corrective action plan

The Eastern Partnership and Central Asia Project (EaP/CA) provided support to the Civil Aviation Authority (CAA) of Armenia in reviewing the EU safety assessment visit report and establishing a corrective action plan.

EASA experts supported the Armenian CAA through several workshops on the development of a corrective action plan as well as on each finding/action identified. The experts also provided comments on the actions proposed by the Armenian CAA as a reply to the findings.

This project is funded by the European Union
