

26 November 2021

CERTIFICATION AND OVERSIGHT OF FSTD OPERATORS On the job training

The activity took place at AESA main headquarters in Madrid, in FSTD Organisation (AEROTEC) located at Cuatro Vientos Aerodrome and in FSTD Organisation (Global Training Aviation – GTA).

The on the job training encompassed :

- applicable regulation for FSTD qualification and oversight,
- the AESA's FSTD qualification procedures and requirements for FSTD inspectors.

Participants prepared the FSTD qualification audit programme for the following days, reviewing the available documentation provided by the FSTD Organisations and preparing the necessary audit checklists and planning for each evaluation to be performed and have actively participated in a recurrent qualification of an active flight simulator.

The activity was implemented from 22 - 26 November 2021 in Madrid, Spain.

In total 3 participants from Civil Aviation Directorate of Republic of Serbia attended the activity.
