

03 December 2021

## EVALUATION OF FUNCTIONAL ATM/ANS CHANGES On the job training

The training facilitated for transfer of the EU NAA experience in regards to the Regulation EU 2017/373 EU regulation focusing on the management of changes in ATM functional system.

The activity aimed to increase the efficiency and effectiveness of Kosovo\* NAA processes, as well as exchange of experience and best practices.

The aspects relating to the changes to functional system in Reg. EU 2017/373 were examined in depth, analysing the entire development and analysis process as well as the concrete application of the regulatory and EASA requirements, on concrete cases that were decontextualized.

The activity was implemented from 29 November - 03 December 2021 in ENAC premisses in Rome, Italy.

In total 3 participants from Kosovo\* attended the activity.

\* This designation is without prejudice to positions on status and is in line with UNSCR 1244(1999) and the ICJ Opinion on the Kosovo declaration of independence.

*The "EASA-IPA5" project is funded by  
the European Union and implemented  
by EASA*
