

EASA Certification Information

No.: 2022-09
Issued: 17 February 2022

Subject: Request by AIRWORTHINESS TECHNOLOGY S.L. to surrender an Supplemental Type Certificate (STC)

Supplemental Type Certificate: 10050555, issued 19 Sept. 2014, Installation of batteries

Issued by: EASA

Supplemental Type Certificate Holder: AIRWORTHINESS TECHNOLOGY S.L.

Background: The current holder of Supplemental Type Certificates (STC) 10050555 has requested to surrender the afore mentioned STC to EASA.

Closure of STC-holders company. All aircraft that had the STC incorporated are reported to be out of service.

EASA hereby asks you to communicate the afore mentioned request to any natural or legal person to whom this surrender could be of direct and individual concern as well as to other possible interested persons. When doing so, EASA also asks you to inform them about the possibility, no later than the 16 March 2022, of commenting on the above and/or of expressing their will to take over the ownership of the STC following their surrender. Transfer of the STC requires that the new owner demonstrates competence to fulfil the necessary obligations of a STC-holder in accordance with the applicable rules.

A list of the individuals directly concerned and other possible interested persons should be sent to EASA.

After satisfactory evaluation of the surrender request, considering the comments received, EASA will accept the request and take the decision to revoke or transfer the STC in accordance with the applicable administrative procedures.

Contact: Any request, query or comment should be sent, no later than the 16 March 2022, to:
