

EASA Certification Information

No.: 2022-22
Issued: 16 May 2022

Subject: Transfer of Supplemental Type Certificate from Aerospace Testing, Engineering & Certification (AeroTEC), Inc. to Honeywell International Inc.

Supplemental Type Certificate: EASA STC 10077188
EASA STC 10077192
EASA STC 10077190

Issued by: European Aviation Safety Agency

Supplemental Type Certificate Holder: Aerospace Testing, Engineering & Certification (AeroTEC)

New Holder of the Certificate: Honeywell International Inc.

Background: Aerospace Testing, Engineering & Certification (AeroTEC) has submitted two applications, dated 22 February 2022, to EASA for the transfer of its Supplemental Type Certificates (STC) 10077188 and 10077192 to Honeywell International Inc.

Honeywell International Inc. is deemed to be able to undertake the obligations under Part 21.A.118A, and for this purpose, has demonstrated its ability to qualify under the criteria of Part 21.A.112 of the Annex (Part 21) to Commission Regulation (EU) No 748/2012.

As a consequence, EASA has accepted the transfer and re-issued the Supplemental Type Certificates.

All Airworthiness Directives (ADs) related to these products are still applicable unless replaced or cancelled, as applicable.
