

Sunny Swift

“TURN IT ON”

SUNNY, CAPTAIN MULBERRY AND EASY ARE FLYING TO TAKE PART IN AN AIRSHOW

THIS BEAUTY JUST HAD AN ELECTRONIC CONSPICUITY SYSTEM INSTALLED. WE CAN SEE ALL THE AIRCRAFT EQUIPPED WITH A TRANSPONDER

LITTLE DO THEY KNOW THAT ANOTHER PLANE IS DANGEROUSLY APPROACHING ON A COLLISION COURSE!

WHAT THE..? WHERE DID THAT COME FROM?

FOR A FEW WORRYING MOMENTS, THEY LOSE CONTROL OF THE AEROPLANE

BUT THEY MANAGE TO LAND AT AN AIRFIELD.

THE OTHER PLANE AND ITS PILOTS HAVE ALSO LANDED THERE

ARE YOU ALL RIGHT?

WE DIDN'T SEE YOU. WHY WEREN'T YOU TRANSMITTING WITH A TRANSPONDER?

WE JUST DIDN'T WANT TO CAUSE ANY HASSLE IF WE MADE AN AIRSPACE INFRINGEMENT

WHOA, WHAT A STRANGE IDEA!

EASY, LET GO

OII

THAT WAS A NEAR MISS!! PLEASE KEEP YOUR TRANSPONDER ON.

SURE.

INDEED, IF YOU KEEP YOUR TRANSPONDER ON, THEN ATC AND OTHERS CAN SEE YOU, AND THE CHANCES OF A COLLISION ARE MUCH SMALLER

PLEASE FIND MORE INFORMATION AT:
