

Conformity Assessment

New conformity assessment framework

EASA Workshop

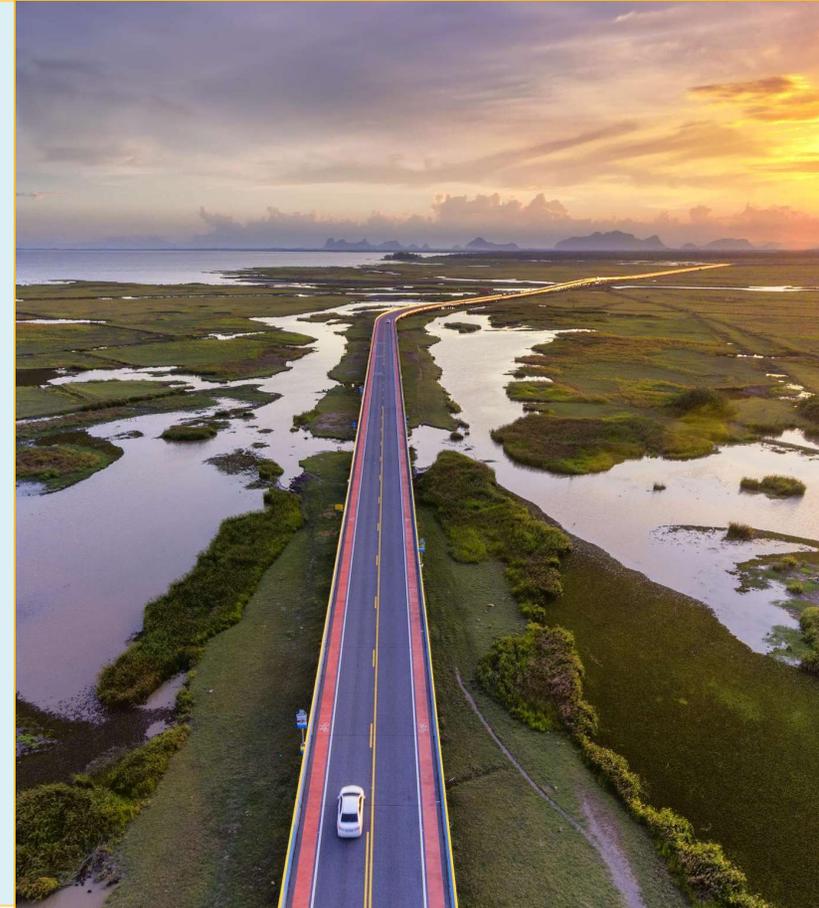

indra

December 2022

Conformity Assessment: Opportunities

- **Approved ATM manufacturers**
- **Product** orientation approach
- Standardisation: **efficiency** and **interoperability**
- New **technologies** and **operational concepts**
- **Collaboration** between stakeholders
e.g. iTEC

Conformity Assessment: Challenges

- **Harmonisation** of Operational concepts
- Impacting existing **deployment plans** and agree with customers
- **Services** aligned with VC initiative
- Approach on IT **infrastructure** supporting ATM functionality
