

Winter Operations

The role of the regulator

Vasileios STEFANIOROS
EASA – Aerodromes Section

EASA Scope - Challenges

- Different exposure to winter conditions
- Not uniform level of experience
- Climate change leading to extreme weather conditions

EASA objectives

- Safety and regularity of operations during winter conditions
- Use of appropriate tools to support operations (rules, safety promotion, research)
 - Performance-based rules
 - Technology neutral
 - Focus on the outcome and not on the how
 - Enhance cooperation between all the stakeholders
 - Safety promotion
 - Spread and promote good practices and lessons learn

Our expectations

- Listen to your questions and concerns
- Provide clarifications
- Come up with a priority list of actions
- Enhance our cooperation

Thank you very much for your attention
