

BACKGROUND

Following on from a webinar for industry stakeholders, EASA organises a dedicated webex for NCAs on the implementation of the global reporting format (GRF).

The new ICAO methodology for assessing and reporting runway surface conditions, commonly known as the Global Reporting Format (GRF) has been transposed into the EU regulatory framework for runway safety and will apply in the EU as of 12 August 2021. The applicable Regulations are Regulation (EU) 2019/1387, (EU) 2020/469 and (EU) 2020/2148 which establish the requirements for the implementation of the GRF in the EU.

AGENDA WEBINAR : 17/03/2021

10:00 H – 10:15 H	SETTING THE SCENE <i>* Introduction to the Global Reporting Format (GRF) and reason for the change to a new format</i> <ul style="list-style-type: none"> Julia EGERER, EASA,
