Today's focus

To validate the 3rd edition of the EASp covering the period 2013-2016

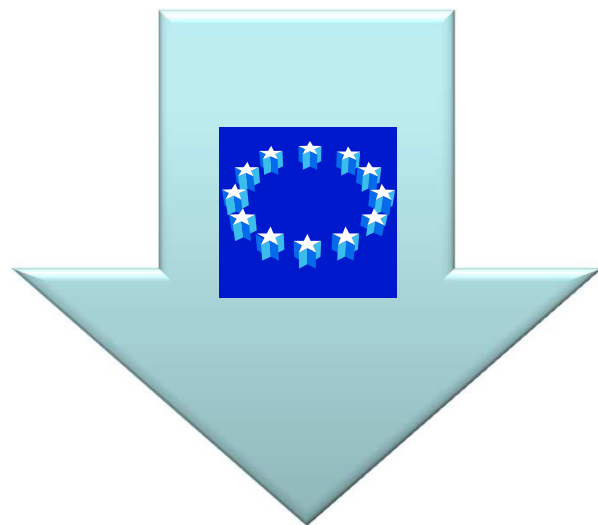

Discuss feedback and agree on ways to make more progress

Understanding the roles

Organisations play a **tactical** role in evaluating scenarios, extracting the hazards and mitigating the risks.

States and the EU play a more **strategic** role.

- They do not focus on every single event, but on the system as a whole.
- They have a wider view and can steer work towards the priorities.

European Level
