**helicopters under the EU Basic Regulation**

The Eastern Partnership and Central Asia Project (EaP/CA) provided support to the Civil Aviation Authority of Georgia in reviewing the request regarding the status of certain helicopters registered in Georgia, in view of the possible exemption from the provisions of Regulation (EU) 216/2008, which have been superseded by Regulation (EU) 2018/1139.

EASA experts submitted an explanation of the applicable provisions from the regulation and possible application by Georgia.
