EASA-ICAO Coordinated Support in preparation of ICVM On the site support

The EUR/NAT RO provides technical assistance to States in need within the framework of No Country Left Behind campaign. In the true spirit of cooperation and aiming to avoid duplication for this mission ICAO EUR/NAT office cooperated with EASA who is supporting developments in Albania through EASA IPA 5 project “EU support on transposition and implementation of the EU Aviation Acquis.”

The main objective of the on the site support was to provide necessary assistance to the Albanian Civil Aviation Authority (ACAA) to improve its safety oversight capacities in the areas of PEL/OPS and AIR.

Throughout 3 days Albanian CAA experts were provided with presentation on USOAP CMA, explanations on the ICAO OLF system, etc. Corrective action plans in PEL, OPS, AIR domain were significantly improved and the team managed to address majority of unsatisfactory PQ’s.

During the discussions the experts provided guidance on evidence, verified work already performed by Albanian CAA and finally provided set of recommendations to all participants including management.

The activity was implemented from 08 – 10 February 2022 in Tirana, Albania in Albanian CAA premisses. In total 11 participants from Albanian CAA attended the activity.
