

12 April 2022

## Obstacle limitation surfaces (OLS) assessment and oversight Workshop

This activity was relevant for the implementation of Commission Regulation (EU) No 139/2014 (EASA CS-ADR-DSN) and ICAO Annex 14 regarding OLS in beneficiary states and aimed to increase NAA and aerodrome operators staff familiarisation with requirements and best practices in the implementation, establishing, assessing, monitoring and oversight of the Obstacle Limitation Surfaces (OLS). OLS is relevant for the safety especially for the areas around the airports, VFR routes and areas which needs to be guarded also having in mind potential impact on CNS infrastructure.

The activity was implemented from 05 – 07 April 2022 in Skopje, Republic of North Macedonia. In total 15 participants from 6 project beneficiary countries attended the training.

*The “EASA-IPA5” project is funded by  
the European Union and implemented  
by EASA*
