**Subject:** "Airworthiness Directives – The European System" - Invitation to the 2nd EASA Workshop with National Airworthiness Authorities on 15 October 2008

Dear Sir/Madam,

We are pleased to invite you to our second 'EASA AD Workshop with the NAAs' meeting, organised by EASA and that will take place in Cologne on 15th October 2008.

This intends to build upon the first meeting we held with you, on 24th January 2007, during which various topics about Airworthiness Directives and Continuing Airworthiness of Civil Aircraft were discussed.

Since then, some significant changes have occurred, such as:

- The publication of EASA's revised procedure on Continuing Airworthiness of Type Design (Our ref. 'Doc # C.P006-01'), available at EASA's website, at: [http://www.easa.europa.eu/ws\\_prod/c/c\\_intwrkproc.php](http://www.easa.europa.eu/ws_prod/c/c_intwrkproc.php)
- The publication of EASA's **Airworthiness Directive Policy** that provides up-to-date clarifications about the relevant NAAs' and Agency's roles with respect to mandatory continuing airworthiness information (Our ref. 'Doc. # C.Y001-01', also available at EASA's website, using the link above).

We therefore propose to hold a 2nd EASA AD Workshop with you in order to review the content of these recent policy and procedural changes regarding ADs and to provide an overview of on-going related evolutions. We hope thereby to facilitate the exchange of information and coordination with National Aviation Authorities, and to identify potential items giving concern with regards the implementation of such changes.

This workshop will be held in Cologne, at Jugendherberge, close to Köln-Deutz, on 15th October 2008. A proposed agenda, location information and registration form are provided in attachment.

You are kindly requested to indicate your interest by completing our "Registration form" and to submit it by email or fax, **not later than 15 September 2008, to:**
