

01 July 2022

Law on air transportation review and recommendations for alignment

The aim of this activity was to increase capabilities of Civil Aviation Agency of Montenegro for implementation of EU aviation acquis and to identify potential gaps in national legal framework, primarily Law on air transportation.

Two Croatian CAA experts shared their experience in the field of rulemaking, addressing specific provisions and way to address those e.g.: alignment with EU “Basic regulation”, noise protection, insurance, enforcement provisions, aircraft registration, search and rescue, etc.

The activity was implemented in period 13 – 26 June 2022 in Podgorica, Montenegro.

In total 9 participants from Montenegro CAA and Ministry of Capital Investments participated in the activity.
